TITREX® SUPPRESSOR

KEY DESIGN FEATURES

- **ULTRA-LIGHTWEIGHT & COMPACT**
  Just 6 inches long and 7.2 oz (Titanium), and 11.4 oz (Inconcel)—built for everything from backcountry hunts to long days at the range.
- **X-CORE® EXCHANGEABLE CORE TECHNOLOGY**
  A fully modular core system that keeps your suppressor current, serviceable, and mission-ready for life.
- **ADVANCED NURBS® TECHNOLOGY**
  Utilizes 3D-printed, hybrid baffle topology to achieve sound performance well beyond its size class.
- **MAXIMUM DURABILITY**
  FEA-driven core structure delivers superior strength and exceptional fatigue life.
- **XBAND™ WELD-FREE REPAIRABILITY**
  Unlimited factory-new restoration with our innovative Serialized Containment Housing, eliminating destructive cutting and rewelding.
- **MODULAR OPEN SOURCE® INTERFACES**
  Capable of accepting HUB mounts and SilencerCo-Bravo front attachments for unmatched versatility.
- **MAGNUM RATED**
  Built to handle up to .300 RUM with no barrel length restrictions.
- **HARD-USE INCONEL VARIANT**
  Optimized for high-heat, high round-count firing—ideal for PRS, duty, training, and extended full-auto.
